

**WE'VE ONLY
JUST BEGUN**

REMEMBER

Remember

The people that laughed.
And made you laugh
Or cry.

Remember

The times they gave you
Ones you'd never forget
Or remember.

Remember

How you loved to see them
And wanted them to see you.
Or just look your way.

Remember

All the good-byes.
And you'd swear you'd write.
And sometimes did.

Remember

Wondering if they still think
The way they did.
Or if they'd changed.

Remember

Sharing memories and talking
About nothing
Or not talking at all.

And remember

Loving Them
Deeply
And wanting to be like Them.

Remember

The songs they played
When you were with them
And wanting to hear them again.

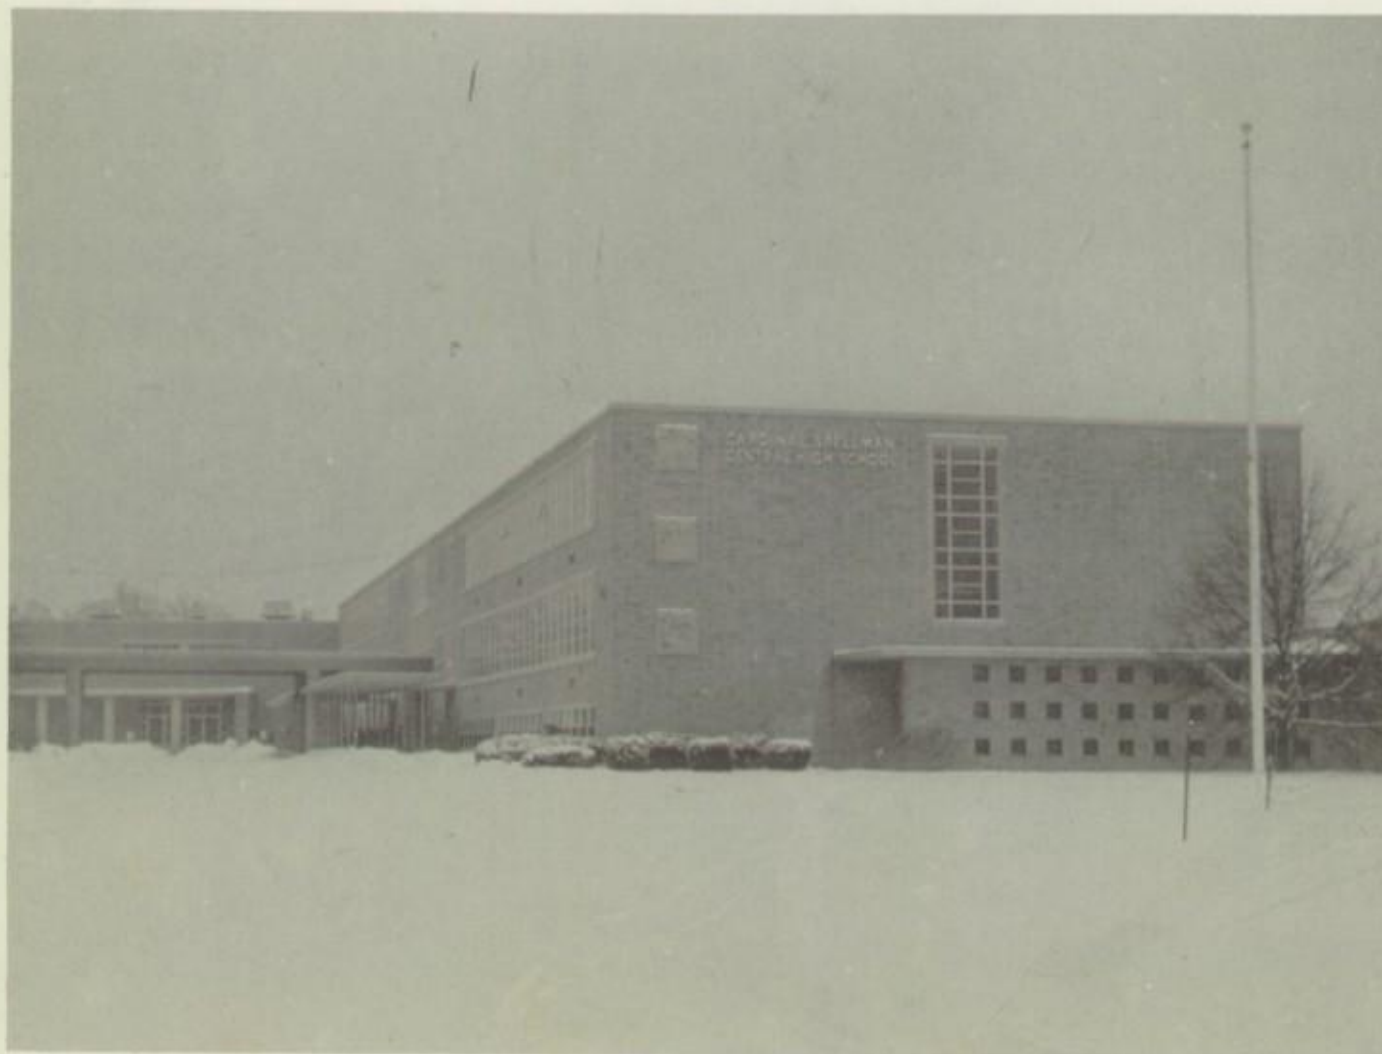

Everything I remember

Brings a feeling of emptiness,
Not having the same people near.

And how they touched my heart
With just little things
And how it makes me cry
When thinking of Them.

Remember me.

Days

Graduation

We've only just begun to live
A new day promises, a wish for luck and
We're on our way

We've only just begun.

Before the rising sun we fly,
So many roads to choose, we start out
walking and learn to run,
And, yes, we've just begun.

Sharing horizons that are new to us,
Watching the signs along the way,
Each turn will bring a different view to us,
Working together, day to day.

And when the evening comes, we smile
So much of life ahead
We'll find a place where there's room to grow,
And, yes, we've just begun —
We've only just begun.
